

Interior Design

Our Process, Services & Portfolio

We offer multiple Interior Design services providing solutions for aesthetically pleasing, functional and cost-effective outcomes.

# Interior Design

#### DISCOVERY CALL & BRIEF

Our Designer will call you to discuss your project and our services in detail for you to determine what options best suit your needs. After the call you will receive a personalized quote.

#### 02

03

#### SITE VISIT & QUESTIONNAIRE

We will organize to meet with you at your site to take photos and dimensions of the requested spaces. During this meeting you will be provided with a detailed questionnaire asking about the functionality and spaces you would like assistance with.

#### INSPIRATIONAL IMAGES & LINK

You will receive a personalized link between you and the Designer to collaborate ideas using inspirational images. This will help provide a deep understanding of your desired style, overall theme and the design direction moving forward.

#### PRESENTATION MEETING

Once we have prepared your preliminary documentation you will be sent an online booking link for your virtual Interior Presentation meeting. All changes discussed during the meeting will be completed and emailed to you for approval.

#### a. SELECTIONS & CONCEPT CANVAS

We undertake **Preliminary Finishes & Selections** acquiring locally sourced materials such as stone tops, tapware, and cabinetry tailoring the design specifically to your unique style. Once prepared we can post a sample box to you with your requested materials so you can make informed decisions.

#### **b**. DETAILED PLANS & SCHEDULES

This includes detailed **Internal Plans, Elevations & 3D Perspectives** with design solutions incorporated to best utilize the spaces.

A comprehensive **Finishes Schedule** of approved materials can also be requested suitable for providing accurate quoting, minimizing potential variations and simplifying the construction process.

#### c. ARTISTIC DIGITAL RENDERING

You will be provided with artistic renders of each space related to your finalized selections, showcasing materials in their proposed locations. This will be the most accurate way to experience your home's transformation before the build; providing options to further refine your selections if desired.
